DEEP DIMENSION OUTSTANDING PERFORMANCE

With TruDefinition® Duration® Shingles, you don't have to sacrifice beauty for durability. Multiple granule colours and shadowing work together to create rich colour and depth, resulting in a truly unique and dramatic effect. Available in popular colours with bold, lively contrast and complementing shadow lines for greater dimension, they ensure your home's roof looks as spectacular as it performs.

Beyond the impressive curb appeal, TruDefinition® Duration® Shingles feature the outstanding grip and exceptional wind performance of SureNail® Technology.

Duration® Shingles offer:

- The high-performance of SureNail® Technology
- A TruDefinition® Colour Platform
- A Limited Lifetime Warranty*[‡] for as long as you own your home
- The protection of a 209-KM/H (130-MPH)* wind warranty
- StreakGuard™ Protection with a 25-year Algae Resistance Limited Warranty^{3/5}

Don't let black streaks lower the value or curb appeal of your home.

Owens Corning blends specialized copper-lined granules, developed by 3M, a leading producer of roofing granules, into our colourful shingles. This helps resist blue-green algae growth.*

MORE THAN JUST A ROOF® IT'S PROTECTION FOR YOUR HOME.

Your home is the center of your world—where your memories are made. And we see it as our job to make the world a better place. So, Owens Corning is relentless about reimagining and creating materials that help protect your biggest investment, your home.

When you choose Owens Corning® roofing products, you get products and systems that deliver a material difference—a difference that can be seen in the curb appeal of your roof and experienced through premium performance, protecting your home and family.

Our commitment to quality offers you peace of mind that your new roof will stand the test of time. At Owens Corning, we know that your roof does more than just cover your house, it helps protect your future memories.

ULTIMATE PROTECTION

DURATION®
SERIES SHINGLES

with SureNail® Technology
with Triple Layer Protection®

THE PROOF IS IN
THE PERFORMANCE

Proven performance is what truly sets Owens Corning® architectural shingles above the rest. We brought our Duration® Series shingles into the lab to test their performance against wide, single-layer nail zone shingles in three major strength tests. And in each test, the Triple Layer Protection® of SureNail® Technology outperformed the competition where it matters most—in the nailing zone.

COLOUR DISCLAIMER

As colour experts, we know getting the shingle colour right is a big part of any roofing purchase. Due to printing colour variations, in addition to viewing shingle literature, we suggest you request an actual shingle sample to see how it will appear on your home and with your home's exterior elements in various natural lighting conditions. Lastly, we recommend you verify your colour choice by seeing it installed on an actual home; your roofing contractor or supplier can provide a sample and may be able to direct you to a local installation.

THERE'S A LINE BETWEEN A GOOD SHINGLE AND A GREAT SHINGLE.®

It's the nailing line on your shingles. The difference between a good shingle and a great shingle is having SureNail® Technology, only from Owens Corning.

Excellent Adhesive Power
Helps keep the shingle layers laminated.

Breakthrough Design
SureNail® Technology is the first and only reinforced nailing zone on the face of the shingle.

"No Guess" Wide Nailing Zone
This tough, engineered woven-fabric strip is embedded in the shingle to create an easy-to-see, strong, durable fastener zone.

Outstanding Grip
The SureNail® strip enhances the already amazing grip of our proprietary Tru-Bond®** sealant for exceptional wind resistance of a 209-KM/H (130-MPH) wind warranty.

Triple Layer Protection**
A unique "triple layer" of reinforcement occurs when the fabric overlays the two shingle layers, providing increased protection against "nail pull" from the wind.

Double the Common Bond
SureNail® features up to a 200% wider bond between the shingle layers in the nailing zone over standard shingles.

TOTAL PROTECTION SIMPLIFIED™

It takes more than just shingles to protect a home. It takes an integrated system of components and layers designed to perform in three critical areas. The Owens Corning® Total Protection Roofing System® gives you the assurance that all of your Owens Corning® roofing components are working together to help increase the performance of your roof.
